

DESIGN AND TECHNOLOGY: Year 8

Course Outline

Half term	TOPIC	CONTENT
1	Photoshop and Illustrator	Students will complete various design tasks using Adobe Illustrator and Photoshop software. Each task will build upon the skills learned and demonstrated in the previous task.
2		
CHRISTMAS HOLIDAYS		
3	Trebuchet	All students will develop a design idea for a Siege Weapon. All students will be able to use ICT to research their design ideas. Students will work both independently and as a team, allowing for working on the same outcome. Woodwork and metal work skills will be used.
4		
EASTER HOLIDAYS		
5	Electronic Guitar	To have an understanding of how an oscillator works. You will produce a circuit and housing for it so that it can be played as a musical instrument.
6
