

Computing Revision Timetable February – June 2017

The GCSE Computing exam is on the 7th June.

It is 1 hour 30 minutes.

It is worth 40% of the GCSE.

In order to revise:

1. Use GCSEPod and watch the videos. Make mindmaps of the information they cover to help you.
2. Copy the videos from the Shared area and watch them.
3. Use **www.cambridgegcsecomputing.org** for further information on topics you are finding hard.
4. When we do the Past Papers, revise topics you found hard or got wrong on each paper.

Week beginning	Revision	Parent signature
