

Geography Revision Timetable February – May 2017

Paper 1: Monday 22nd May 2017 (Afternoon) 1 hour 30mins The Restless Earth Water on the Land The Coastal Zone	Paper 2: Tuesday 6th June (Afternoon) 1 hour 30mins Population Change Globalisation Tourism
---	---

Week beginning	Revision Session1	Revision guide pages	Revision Session 2	Revision guide pages
27 th February	The Restless Earth <ul style="list-style-type: none"> • Location & type of plate boundaries • Location and formation of ocean trenches and fold mountains • Case study -Uses of Fold Mountain 	3,4,5	The Restless Earth <ul style="list-style-type: none"> • Types of volcanoes • Case study -Volcanic eruption • Prediction and monitoring of volcanoes • Super volcano - global consequences 	6,7,8
6 th March	The Restless Earth <ul style="list-style-type: none"> • Location and cause of earthquakes • Measurement of earthquakes • Case study -Earthquake (rich part of the world) 	9,10	The Restless Earth <ul style="list-style-type: none"> • Case study -Earthquake (poor part of the world) • A case study of a tsunami – its cause, effects and responses. 	11,12
13 th March	Population Change <ul style="list-style-type: none"> • Global population growth • Demographic Transition Model 	76,77	Population Change <ul style="list-style-type: none"> • Factors affecting population growth • Rapid population growth -implications and strategies • Case study - one child policy China 	78,79

20 th March	Population Change <ul style="list-style-type: none"> Ageing populations -implications and strategies Case study -EU country with an ageing population 	80,81	Population Change <ul style="list-style-type: none"> Migration - push and pull factors and impacts Population movements - impact on source and receiving countries 	82,83
27 th March	The Coastal Zone <ul style="list-style-type: none"> Coastal weathering & mass movement Processes of coastal erosion Destructive and constructive waves Erosional landforms – cliffs, headlands and bays 	64,65	The Coastal Zone <ul style="list-style-type: none"> Processes of coastal transportation Reasons for coastal deposition Longshore drift Formation of beaches, spits and bars 	66,67
3 rd April	The Coastal Zone <ul style="list-style-type: none"> Impact of rising sea level & coastal flooding Case study – Rising sea levels in the Maldives (economic, social, environmental and political impacts) Case study – Holderness coast (Causes and impacts) 	70,71	The Coastal Zone <ul style="list-style-type: none"> Sea defences (hard and soft engineering) including advantages and disadvantages. Case study – Holderness Coast (Hard engineering strategies) Case Study – Coastal habitat (Studland Bay) 	72,73
10 th April	Water on the Land <ul style="list-style-type: none"> Processes of erosion, transportation and deposition Cross profile of a river (Vertical and lateral erosion) Long profile of a river 	42,43	Water on the Land <ul style="list-style-type: none"> Formation of meanders and ox-bow lakes. Formation of waterfalls and gorges Formation of flood plains and levees 	44,45
17 th April	Water on the Land <ul style="list-style-type: none"> Flood hydrographs Factors affecting river discharge Physical and human causes of flooding Case Study - Effects and responses to flooding - rich country (Boscastle/Cumbria) Case Study - Effects and responses to flooding - poor country (Bangladesh) 	47,48,49	Water on the Land <ul style="list-style-type: none"> Flood management -Hard and Soft engineering the costs and benefits Managing the UK's water supply (supply and demand) Water supply case study - Reservoir or Dam 	49, 50,51

24 th April	Globalisation <ul style="list-style-type: none"> • Globalisation and interdependence • Factors encouraging globalisation - call centres and localised industries F1 • Definition of TNC 	113,114	Globalisation <ul style="list-style-type: none"> • Advantages and disadvantages of TNC's • Case study – Walmart • Importance of manufacturing to growth and de-industrialisation • Development of China as economic giant 	115,116
1 st May	Globalisation <ul style="list-style-type: none"> • Global demand for energy is increasing • Impacts of increase in global energy demand • Sustainable development • Case study - one type of renewable energy 	117	Globalisation <ul style="list-style-type: none"> • Increased food demands - positive and negative impacts and strategies to manage supplies • Cash crops – benefits and problems • Reducing the impacts of globalisation (international agreements/reduce, reuse, recycle) 	118,119, 120
8 th May	Tourism <ul style="list-style-type: none"> • Reasons for growth in tourism • Examples of different tourist areas (cities/mountains/beaches) • Importance of tourism to economies Contribution of tourism to the UK • Factors affecting tourism in the UK 	122,123	Tourism <ul style="list-style-type: none"> • Resort life cycle model (draw and label) • Case study – Lake District • Attractions of the Lake District • Strategies to cope with number of tourists • Strategies to keep attracting tourists 	123
15 th May	Tourism <ul style="list-style-type: none"> • Mass tourism • Positive and negative impacts of mass tourism • Reducing the negative impacts of mass tourism • Maintaining and renewing tourism 	124	Tourism <ul style="list-style-type: none"> • Tourism in extreme environments • Damage cause by tourism in extreme environments • Case Study – Antarctica (attractions/impacts/solutions to reduce impacts) • Ecotourism – Social, economic and environmental benefits • Case Study – Tataquara Lodge 	127,128, 129,130
